Date: 29 November 2021

To: The Executive Director
OpenStreetMap Uganda,
Plot 90 Kanjokya Road, Kampala.

Dear Sir,

SUB: ACCOUNTABILITY FOR THE FUNDS RECEIVED FROM OPENSTREETMAP UGANDA

On the 27th November 2021, OpenStreetMap Uganda supported Muni University YouthMappers Chapter (MUYMC) with a trainer (Miss Harriet Bakole) and a sum of Uganda Shillings three hundred and seven thousand only (UGX. 307, 000) inclusive of withdrawal charges.

The training was successfully conducted with Miss Bakole, taking us through iD editor, and practically contributing data to Project #11842. We are continuing to contribute more data to different tasks in the HOT OSM Tasking Manager with a target of 500 edits within this week.

We also received communication from Miss Bakole about role requirement to create Tasks on HOT Taking manager and therefore, request that in the future, we are guided on how to create these tasks for our local mapping campaigns or assigned a contact person for the same.

Financially, the support we requested were provided, which significantly enabled us to meet all training needs. Specifically, we were able to provide internet data at UGX 10,000 each to all 22 participants and provided snacks at unit cost of UGX 5,000 to all. Table below summarises the expenditure.

S/n	Item	Unit Cost	Participants	Total
1	Internet Data	10,000	22	220,000
2	Snacks (Drinks & Bites)	5,000	22	110,000
Total				330,000
Funding from OpenStreetMap Uganda				300,000
Contribution from MUYMC				30,000

Attendance list of participants and receipts for in-shop purchases are attached.

Muni University YouthMappers Chapter (MUYMC) is so grateful for the training and financial support extended to us from OpenStreetMap Uganda.

Thank you,

Dan Abudu
Chapter Mentor
